Literacy training

New skills, new life

Over 45 fair-trade businesses and non-government organisations from across Australia will be meeting together for one night to bring a huge variety of ethically produced products to our local community. Collectively, we believe that fair-trade empowers, brings life, joy, education, employment, respect, income and hope to developing communities across the globe.

Enjoy a family night out, relax and be entertained, shop for all of your Christmas presents in the one happy environment and know that your purchases are directly benefiting a family living in poverty.

Our beneficiary this year is Freeset; a fair-trade business offering employment and freedom to women trapped in Kolkata's sex trade. Read more here <http://freesetglobal.com>.

**Global Market Day is a ministry of
Arana Hills Church of Christ.**
